

**The University of Iowa – Organic or Inorganic Chemistry Faculty**

**Position.** The Department of Chemistry invites applications for a tenure-track Assistant Professor position effective August 2009 in the broadly defined areas of Organic or Inorganic Chemistry and will offer a highly competitive salary and start-up package. The Department is in the midst of a major expansion that has resulted in the appointment of nine new faculty in five years and extensive renovation of teaching and research laboratories.

Applicants should demonstrate clear potential to develop and lead a nationally prominent, externally funded research program and have a commitment to excellence in teaching at the graduate and undergraduate levels. Candidates must have a Ph.D., postdoctoral experience, and a demonstrated record of research scholarship and productivity. Applications must be submitted online at <http://jobs.uiowa.edu/>; please do not mail paper applications. Applications include a cover letter, CV, academic transcripts, statement of teaching interests, and detailed research proposal(s). Please use the website <http://facsearch.chem.uiowa.edu/> to enter contact information for three individuals providing letters of recommendation. Refer to requisition number 56064. Application review will begin on October 15<sup>th</sup> and will continue until the position is filled. The Department and the College of Liberal Arts and Sciences are strongly committed to gender and ethnic diversity; the strategic plans of the University, College and Department reflect this commitment. Women and members of underrepresented minorities are especially encouraged to apply. The University of Iowa is an affirmative action/equal opportunity employer.
